

## CALIFORNIA CODES

**GOVERNMENT CODE**SECTION **65400**-65404

**65400.** (a) After the legislative body has adopted all or part of a general plan, the planning agency shall do both of the following:

(1) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.

(2) Provide by April 1 of each year an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development that includes all of the following:

(A) The status of the plan and progress in its implementation.

(B) The progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

The housing element portion of the annual report, as required by this paragraph, shall be prepared through the use of forms and definitions adopted by the Department of Housing and Community Development pursuant to the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2). Prior to and after adoption of the forms, the housing element portion of the annual report shall include a section that describes the actions taken by the local **government** towards completion of the programs and status of the local **government**'s compliance with the deadlines in its housing element. That report shall be considered at an annual public meeting before the legislative body where members of the public shall be allowed to provide oral testimony and written comments.

The report may include the number of units that have been substantially rehabilitated, converted from nonaffordable to affordable by acquisition, and preserved consistent with the

standards set forth in paragraph (2) of subdivision (c) of Section 65583.1. The report shall document how the units meet the standards set forth in that subdivision.

(C) The degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 and the date of the last revision to the general plan.

(b) If a court finds, upon a motion to that effect, that a city, county, or city and county failed to submit, within 60 days of the deadline established in this section, the housing element portion of the report required pursuant to subparagraph (B) of paragraph (2) of subdivision (a) that substantially complies with the requirements of this section, the court shall issue an order or judgment compelling compliance with this section within 60 days. If the city, county, or city and county fails to comply with the court's order within 60 days, the plaintiff or petitioner may move for sanctions, and the court may, upon that motion, grant appropriate sanctions. The court shall retain jurisdiction to ensure that its order or judgment is carried out. If the court determines that its order or judgment is not carried out within 60 days, the court may issue further orders as provided by law to ensure that the purposes and policies of this section are fulfilled. This subdivision applies to proceedings initiated on or after the first day of October following the adoption of forms and definitions by the Department of Housing and Community Development pursuant to paragraph (2) of subdivision (a), but no sooner than six months following that adoption.

65401. If a general plan or part thereof has been adopted, within such time as may be fixed by the legislative body, each county or city officer, department, board, or commission, and each governmental body, commission, or board, including the governing body of any special district or school district, whose jurisdiction lies wholly or partially within the county or city, whose functions include recommending, preparing plans for, or constructing, major public works, shall submit to the official agency, as designated by the respective county board of supervisors or city council, a list of the proposed public works recommended for planning, initiation or construction during the ensuing fiscal year. The official agency receiving the list of proposed public works shall list and classify all such recommendations and shall prepare a coordinated program of proposed public works for the ensuing fiscal year. Such coordinated program shall be submitted to the county or city planning agency for

review and report to said official agency as to conformity with the adopted general plan or part thereof.

65402. (a) If a general plan or part thereof has been adopted, no real property shall be acquired by dedication or otherwise for street, square, park or other public purposes, and no real property shall be disposed of, no street shall be vacated or abandoned, and no public building or structure shall be constructed or authorized, if the adopted general plan or part thereof applies thereto, until the location, purpose and extent of such acquisition or disposition, such street vacation or abandonment, or such public building or structure have been submitted to and reported upon by the planning agency as to conformity with said adopted general plan or part thereof. The planning agency shall render its report as to conformity with said adopted general plan or part thereof within forty (40) days after the matter was submitted to it, or such longer period of time as may be designated by the legislative body.

If the legislative body so provides, by ordinance or resolution, the provisions of this subdivision shall not apply to: (1) the disposition of the remainder of a larger parcel which was acquired and used in part for street purposes; (2) acquisitions, dispositions, or abandonments for street widening; or (3) alignment projects, provided such dispositions for street purposes, acquisitions, dispositions, or abandonments for street widening, or alignment projects are of a minor nature.

(b) A county shall not acquire real property for any of the purposes specified in paragraph (a), nor dispose of any real property, nor construct or authorize a public building or structure, in another county or within the corporate limits of a city, if such city or other county has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, and a city shall not acquire real property for any of the purposes specified in paragraph (a), nor dispose of any real property, nor construct or authorize a public building or structure, in another city or in unincorporated territory, if such other city or the county in which such unincorporated territory is situated has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, until the location, purpose and extent of such acquisition, disposition, or such public building or structure have been submitted to and reported upon by the planning agency having jurisdiction, as to conformity with said adopted general plan or part thereof. Failure

of the planning agency to report within forty (40) days after the matter has been submitted to it shall be conclusively deemed a finding that the proposed acquisition, disposition, or public building or structure is in conformity with said adopted general plan or part thereof. The provisions of this paragraph (b) shall not apply to acquisition or abandonment for street widening or alignment projects of a minor nature if the legislative body having the real property within its boundaries so provides by ordinance or resolution.

(c) A local agency shall not acquire real property for any of the purposes specified in paragraph (a) nor dispose of any real property, nor construct or authorize a public building or structure, in any county or city, if such county or city has adopted a general plan or part thereof and such general plan or part thereof is applicable thereto, until the location, purpose and extent of such acquisition, disposition, or such public building or structure have been submitted to and reported upon by the planning agency having jurisdiction, as to conformity with said adopted general plan or part thereof. Failure of the planning agency to report within forty (40) days after the matter has been submitted to it shall be conclusively deemed a finding that the proposed acquisition, disposition, or public building or structure is in conformity with said adopted general plan or part thereof. If the planning agency disapproves the location, purpose or extent of such acquisition, disposition, or the public building or structure, the disapproval may be overruled by the local agency.

Local agency as used in this paragraph (c) means an agency of the state for the local performance of governmental or proprietary functions within limited boundaries. Local agency does not include the state, or county, or a city.

65403. (a) Each special district, each unified, elementary, and high school district, and each agency created by a joint powers agreement pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 that constructs or maintains public facilities essential to the growth and maintenance of an urban population may prepare a five-year capital improvement program. This section shall not preclude, limit, or govern any other method of capital improvement planning and shall not apply to any district or agency unless it specifically determines to implement this section. As used in this section, "public facilities" means any of the

following:

(1) Public buildings, including schools and related facilities.

(2) Facilities for the storage, treatment, and distribution of nonagricultural water.

(3) Facilities for the collection, treatment, reclamation, and disposal of sewage.

(4) Facilities for the collection and disposal of storm waters and for flood control purposes.

(5) Facilities for the generation of electricity and the distribution of gas and electricity.

(6) Transportation and transit facilities, including, but not limited to, streets, roads, harbors, ports, airports, and related facilities.

(7) Parks and recreation facilities. However, this section shall not apply to a special district which constructs or maintains parks and recreation facilities if the annual operating budget of the district does not exceed one hundred thousand dollars (\$100,000).

(b) The five-year capital improvement program shall indicate the location, size, time of availability, means of financing, including a schedule for the repayment of bonded indebtedness, and estimates of operation costs for all proposed and related capital improvements. The five-year capital improvement program shall also indicate a schedule for maintenance and rehabilitation and an estimate of useful life of all existing and proposed capital improvements.

(c) The capital improvement program shall be adopted by, and shall be annually reviewed and revised by, resolution of the governing body of the district or local agency. Annual revisions shall include an extension of the program for an additional year to update the five-year program. At least 60 days prior to its adoption or annual revision, as the case may be, the capital improvement program shall be referred to the planning agency of each affected city and county within which the district or agency operates, for review as to its consistency with the applicable general plan, any applicable specific plans, and all elements and parts of the plan. Failure of the planning agency to report its findings within 40 days after receipt of a capital improvement program or revision of the program shall be conclusively deemed to constitute a finding that the capital improvement program is consistent with the general plan.

A district or local agency shall not carry out its capital improvement program or any part of the program if the planning agency finds that the capital improvement program or a part of the capital improvement program is not consistent with the applicable general plan, any specific plans, and all elements and parts of the plan. A

district or local agency may overrule the finding and carry out its capital improvement program.

(d) Before adopting its capital improvement program, or annual revisions of the program, the governing body of each special district, each unified, elementary, and high school district, and each agency created by a joint powers agreement shall hold at least one public hearing. Notice of the time and place of the hearing shall be given pursuant to Section 65090. In addition, mailed notice shall be given to any city or county which may be significantly affected by the capital improvement program.

65404. (a) On or before January 1, 2005, the Governor shall develop processes to do all of the following:

(1) Resolve conflicting requirements of two or more state agencies for a local plan, permit, or development project.

(2) Resolve conflicts between state functional plans.

(3) Resolve conflicts between state infrastructure projects.

(4) Provide, to the extent permitted under federal law, for the availability of mediation between a branch of the United States Armed Forces, a local agency, and a project applicant, in circumstances where a conflict arises between a proposed land use within special use airspace beneath low-level flight paths, or within 1,000 feet of a military installation.

(b) The process may be requested by a local agency, project applicant, or one or more state agencies. The mediation process identified in paragraph (4) of subdivision (a) may also be requested by a branch of the United States Armed Forces.
